How well do you think the tournament was organized?
- A fantastic experience from beginning to end.
- Everything was organized great between the park and Hub City Disc Golf.

How would you rate the courses you played on?
- Minus the crack pipe found on hole one at the pipeline.
- Tee pads need a little work and always could have ore dead limbs and such removed, but overall great!
- I had never played the three courses before, but they were in A+ condition – very impressed.
- Some of the best in the Southeast.

How much did you spend while in town for the tournament? (meals, lodging, etc.)
- $120
- $400
- $50
- $60
- $100
- $300
- $50
- $120
- $250
- $50

Would you consider coming back to play disc golf on Spartanburg County courses?
- Have active plans to return! The courses were excellent!
- I plan to attend any event held by Hub City Disc Golf as long as I’m available.
- Best group of courses in the area by far.
- I live here but I could even if I wasn’t local.

Is there anything you would change about the tournament?
- It was very well run. The only thing I’d change is creating a drop-zone for hole #27, so those who throw into the pond can get better footing for their next shots, rather than standing on mushy ground one meter from the pond.
- Better signs for pipeline courses. It was hard to find if it’s your first time.
- Make sure players play in the correct division.
Any additional comments about the tournament and/or your stay in Spartanburg County?
- I really enjoyed the area.
- Great job!
- The BEST disc golf tournament I’ve participated in!
- Great job.
- Can I borrow a wet suit and oxygen tank to search the pond for hold 27 for my two lost discs?
- The courses were in wonderful condition! Well run tournament.
- Thank you for having so many great volunteers spotting for us all weekend.
